

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

NOVEMBER 24, 2009

The Antelope Valley Mosquito and Vector Control District ("District") has requested that the Local Agency Formation Commission for Los Angeles County ("LAFCO") approve an annexation of approximately 14,120 acres of inhabited territory to the District identified as "Annexation No. 2008-10 to the Antelope Valley Mosquito and Vector Control District." The District has been serving this proposed annexation area for a number of years without the benefit of any property tax revenue from the area. Approval of the annexation will rectify this situation.

The District provides invaluable services by reducing the number of mosquitoes within the District boundaries to a tolerable level. The District also monitors outbreaks of mosquito-borne diseases, such as West Nile Virus. This work allows for the full use and enjoyment of backyards and recreational facilities, mosquito-free agricultural and industrial working conditions, and the protection of public health and comfort.

On November 10, 2009, pursuant to Section 99 of the Revenue and Taxation Code, the Board of Supervisors approved a tax transfer resolution in furtherance of the District's annexation proposal. This action re-allocated the ratios of the annual tax growth for the affected territory amongst those public agencies, including the County, that receive property tax from this territory, in order to fund the services of the District. This tax transfer resolution was approved by all affected public agencies except for the Antelope Valley Resource Conservation District, which has not approved the tax transfer resolution.

The District is at risk of losing another year's worth of its property tax allocation for the annexation territory, unless the annexation process is completed before December 1<sup>st</sup>. Pursuant to Section 99.01 of the Revenue and Taxation Code, the Board of Supervisors shall determine the exchange of property tax revenue if an affected district fails to adopt a tax transfer resolution.

**I, THEREFORE, MOVE** that the Board of Supervisors determine pursuant to Section 99.01 of the Revenue and Taxation Code that, for the Antelope Valley Resource Conservation District, the exchange of property tax revenue for Annexation No. 2008-10 to the Antelope Valley Mosquito and Vector Control District shall be as reflected in Attachment A to the Joint Resolution Approving and Accepting the Negotiated Exchange of Property Tax Revenue approved by this Board on November 10, 2009.
